MEMORANDUM FOR: Mr. George A. Morgan

Acting Director

Psychological Strategy Board

The Acting Director of Central Intelligence has asked that you place on the agenda for the Psychological Strategy Board meeting of 19 August the subject:

After an earlier experience with this type of operation the Central Intelligence Agency decided to suspend such activities vecause of the danger of their being exploited by the Communists as a part of the then active BW campaign against the United States. Since that time, the subject has been repeatedly raised.

General Cabell is anxious to get the opinion of the other mempers of the PSB on the advisability of resuming these operations. He would appreciate having the members of the Board informed of this subject in advance of the meeting.
